For the new users, we have register page so that they can use it to manage their expenses.

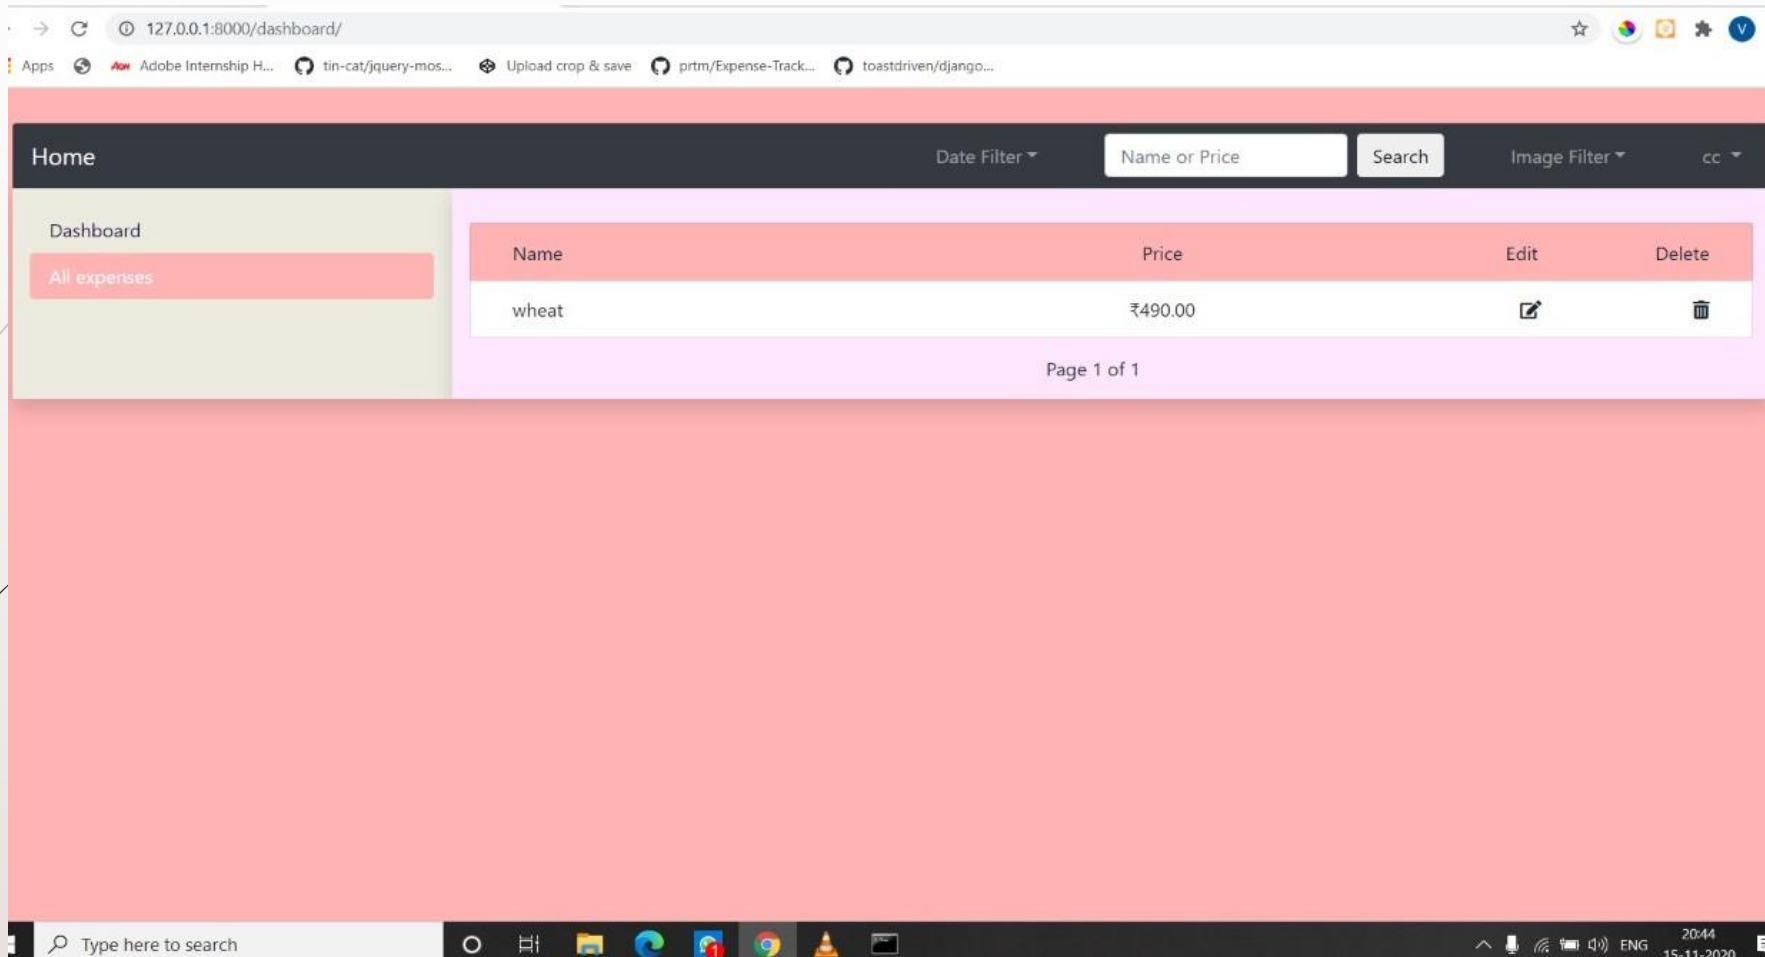

This is our login page for already existing users.

The screenshot shows a web application titled "Home Expense Tracker" running on a browser at 127.0.0.1:8000/dashboard/. The interface includes a sidebar with "Dashboard" and "All expenses" links. The main area features buttons for "New Expense" and "Budget", a "Report this month" summary table, and a "Top 10 expense this month" table with one entry: "wheat" for ₹490.00.

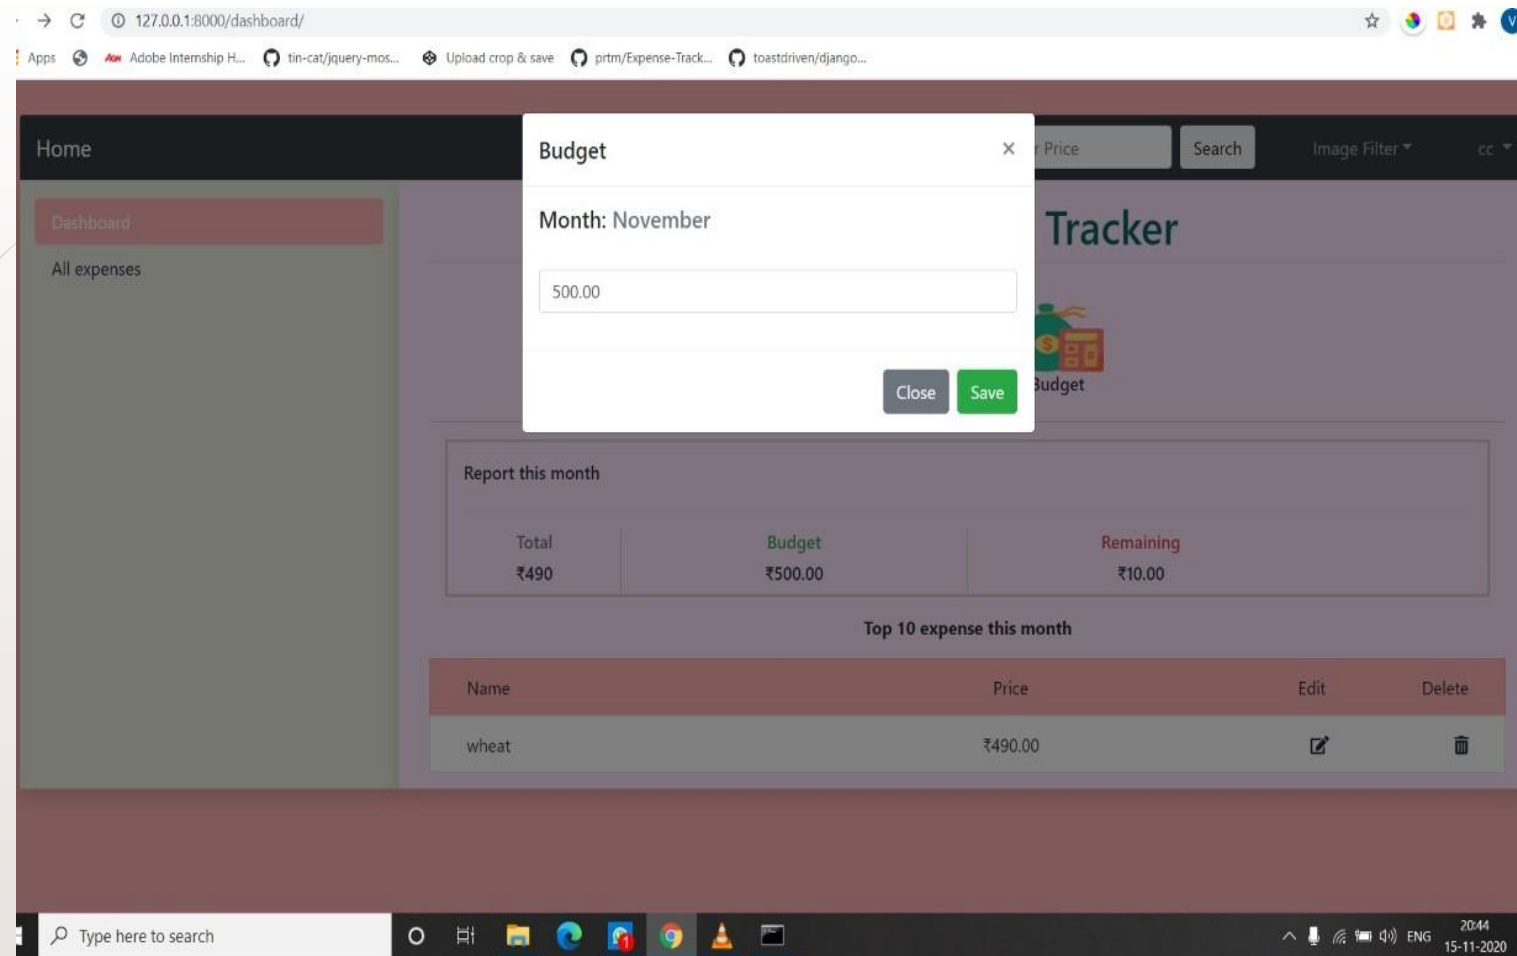

Report this month		
Total	Budget	Remaining
₹490	₹500.00	₹10.00

Top 10 expense this month			
Name	Price	Edit	Delete
wheat	₹490.00		

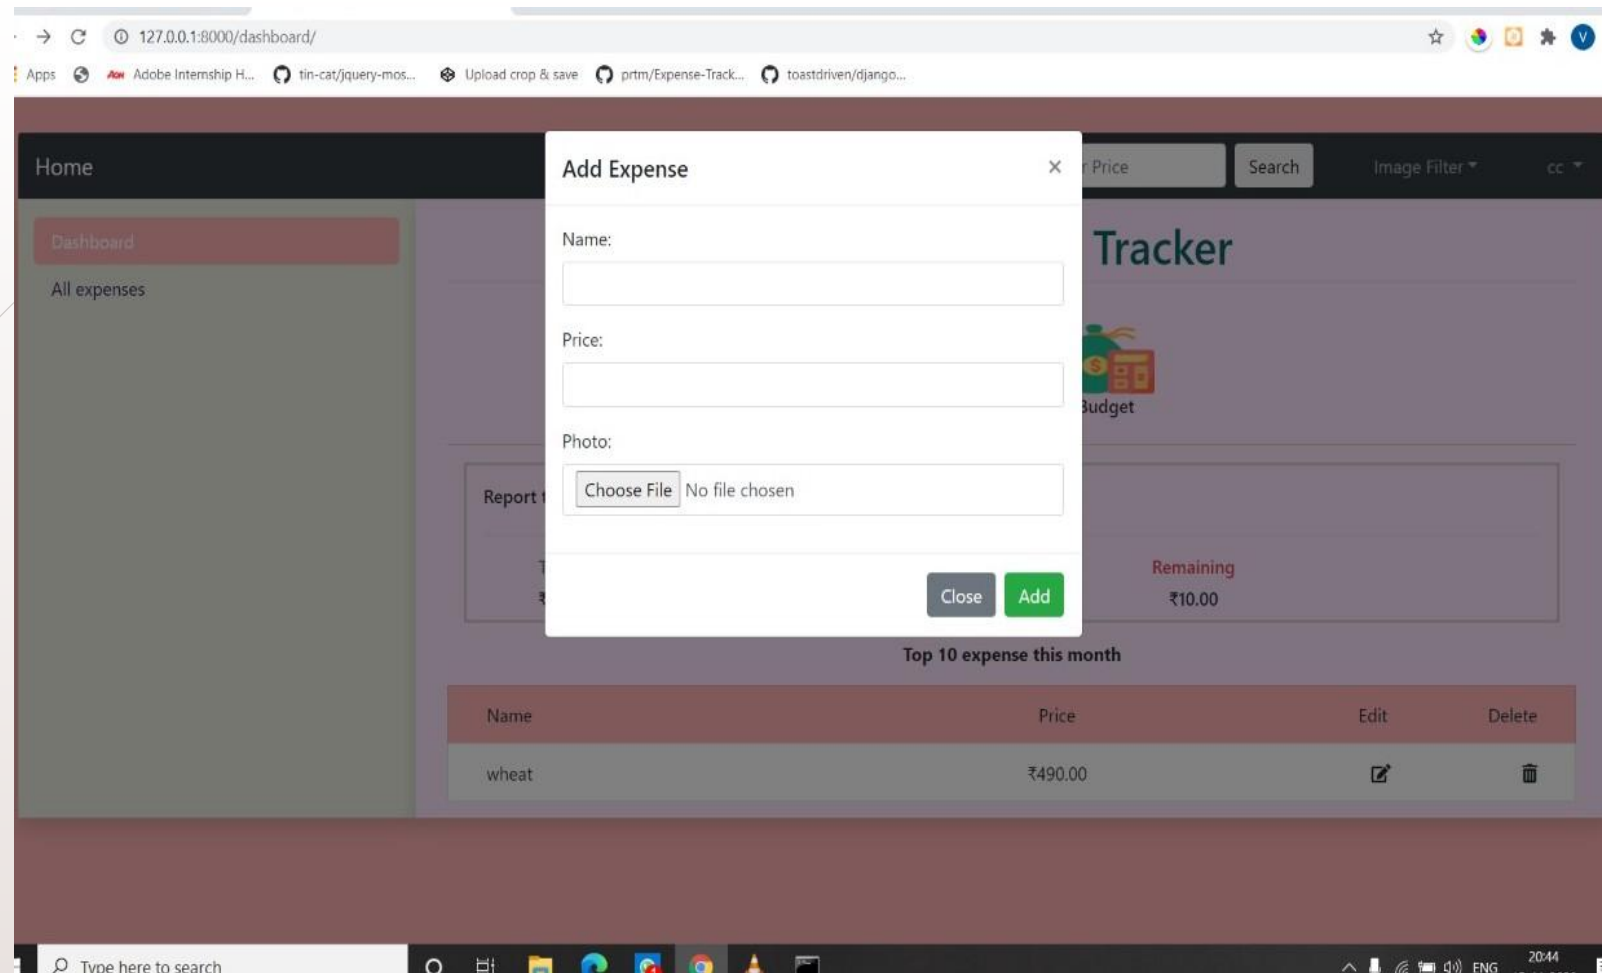

This is our dashboard page in which we can add expenses and set our budget .In this we also have the list of top 10 expenses.

To check list of all the expenses we can click on 'expense' on left side. There is search option on the top to search our expenses .

This is our budget section which we get on clicking “ budget” button. Here we can add our budget.

This is our expense section for adding expense of daily items. We can get it by clicking on “New Expense” button.

Thank You
